

Concentricity Test Bench

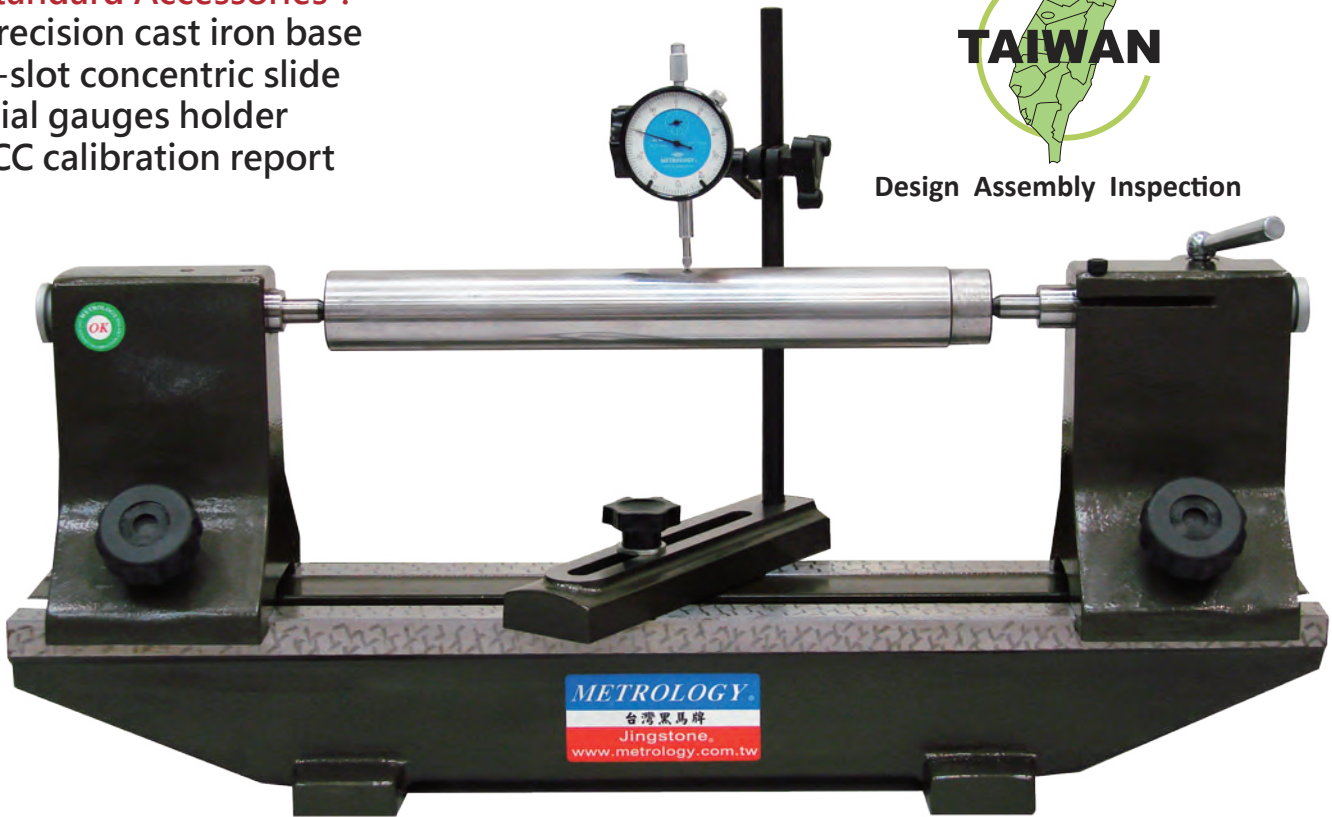

Innovation Design R&D
Patented Technology Award

Measuring functions : for precision measuring concentricity, runout and diameter deviation of cylindrical gauges and precision parts.

Standard Accessories :
Precision cast iron base
T-slot concentric slide
Dial gauges holder
JCC calibration report

Design Assembly Inspection

Model No.	Base Size (L x W x H)	Center Distance (mm)	Center Height (mm)	Accuracy (mm)
CTB-9200	480*70*80mm	200	100	0.004
CTB-9400	700*95*100mm	400	140	0.005
CTB-9600	900*95*100mm	600	140	0.006
CTB-9800	1250*120*150mm	800	140	0.007
CTB-91000	1400*200*180mm	1000	170	0.008

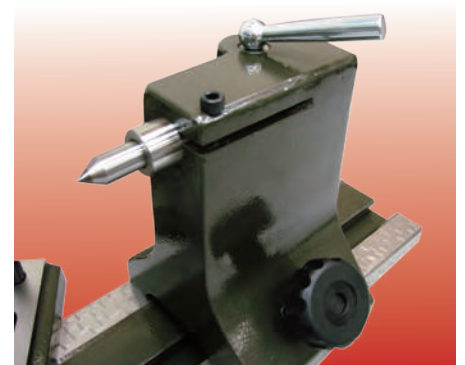

*Custom specifications available as per client's request (indicator optional)

Fixed concentric slide

Precision grinding and scraping

Spring concentric slide
